TEXT OF AMENDMENTS

SA 4619. Mrs. HUTCHISON (for herself and Mr. CORNYN) submitted an amendment intended to be proposed by her to the bill S. 3454, to authorize appropriations for fiscal year 2011 for military activities of the Department of Defense, for military construction, and for defense activities of the Department of Energy, to prescribe military personnel strengths for such fiscal year, and for other purposes; which was ordered to lie on the table; as follows:

At the end of division C of the bill, insert the following:

TITLE —EDUCATION JOBS FUND SEC. 1. ELIMINATION OF PROVISIONS RELATING TO TEXAS.

Section 101 of Public Law 111-226 (124 Stat. 2389) is amended by striking paragraph (1).

SA 4620. Mr. LEVIN (for Mr. DURBIN) proposed an amendment to the bill S. 624, to provide 100,000,000 people with first-time access to safe drinking water and sanitation on a sustainable basis by 2015 by improving the capacity of the United States Government to fully implement the Senator Paul Simon Water for the Poor Act of 2005; as follows:

In lieu of the matter proposed to be inserted, insert the following:

SECTION 1. SHORT TITLE.

This Act may be cited as the "Senator Paul Simon Water for the World Act of 2010".

SEC. 2. FINDINGS.

Congress finds the following:

(1) The Senator Paul Simon Water for the Poor Act of 2005 (Public Law 109-121)—

(A) makes access to safe water and sanitation for developing countries a specific policy objective of United States foreign assistance programs;

(B) requires the Secretary of State to—

(i) develop a strategy to elevate the role of water and sanitation policy; and

(ii) improve the effectiveness of United States assistance programs undertaken in support of that strategy;

(C) codifies Target 10 of the United Nations Millennium Development Goals; and

(D) seeks to reduce by half between 1990 (the baseline year) and 2015—

(i) the proportion of people who are unable to reach or afford safe drinking water; and

(ii) the proportion of people without access to basic sanitation.

(2) On December 20, 2006, the United Nations General Assembly, in GA Resolution 61/192, declared 2008 as the International Year of Sanitation, in recognition of the impact of sanitation on public health, poverty reduction, economic and social development, and the environment.

(3) On August 1, 2008, Congress passed H. Con. Res. 318, which—

(A) supports the goals and ideals of the International Year of Sanitation; and

(B) recognizes the importance of sanitation on public health, poverty reduction, economic and social development, and the environment.

(4) While progress is being made on safe water and sanitation efforts—

(A) more than 884,000,000 people throughout the world lack access to safe drinking water; and

(B) 2 of every 5 people in the world do not have access to basic sanitation services.

(5) The health consequences of unsafe drinking water and poor sanitation are significant, accounting for—

(A) nearly 10 percent of the global burden of disease; and

(B) more than 2,000,000 deaths each year.

(6) Water scarcity has negative consequences for agricultural productivity and food security for the 1,200,000,000 people who, as of 2010, suffer from chronic hunger and seriously threatens the ability of the world to more than double food production to meet the demands of a projected population of 9,000,000,000 people by 2050.

(7) According to the November 2008 report entitled, "Global Trends 2025: A Transformed World", the National Intelligence Council expects rapid urbanization and future population growth to exacerbate already limited access to water, particularly in agriculture-based economies.

(8) According to the 2005 Millennium Ecosystem Assessment, commissioned by the United Nations, more than 1/3 of the world population relies on freshwater that is either polluted or excessively withdrawn.

(9) The impact of water scarcity on conflict and instability is evident in many parts of the world, including the Darfur region of Sudan, where demand for water resources has contributed to armed conflict between nomadic ethnic groups and local farming communities.

(10) In order to further the United States contribution to safe water and sanitation efforts, it is necessary to—

(A) expand foreign assistance capacity to address the challenges described in this section; and

(B) represent issues related to water and sanitation at the highest levels of United States foreign assistance and diplomatic deliberations, including those related to issues of global health, food security, the environment, global warming, and maternal and child mortality.

SEC. 3. SENSE OF CONGRESS.

It is the sense of Congress that the United States should help undertake a global effort to bring sustainable access to clean water and sanitation to poor people throughout the world.

SEC. 4. PURPOSE.

The purpose of this Act is—

(1) to enable first-time access to safe water and sanitation, on a sustainable basis, for 100,000,000 people in high priority countries (as designated under section 6(f) of the Senator Paul Simon Water for the Poor Act of 2005 (22 U.S.C. 2152h note) within 6 years of the date of enactment of this Act through direct funding, development activities, and partnerships; and

(2) to enhance the capacity of the United States Government to fully implement the Senator Paul Simon Water for the Poor Act of 2005 (Public Law 109-121).

SEC. 5. DEVELOPING UNITED STATES GOVERNMENT CAPACITY.

Section 135 of the Foreign Assistance Act of 1961 (22 U.S.C. 2152h) is amended by adding at the end the following:

"(e) SENIOR ADVISOR FOR WATER.—

"(1) IN GENERAL.—To carry out the purposes of subsection (a), the Administrator of the United States Agency for International Development shall designate a senior advisor to coordinate and conduct the activities described in this section and the Senator Paul Simon Water for the Poor Act of 2005 (Public Law 109-121). The Advisor shall report directly to the Administrator and be known as the 'Senior Advisor for Water'. The initial Senior Advisor for Water shall be the individual serving as Water Team Leader as of the date of the enactment of the Senator Paul Simon Water for the World Act of 2010.

"(2) DUTIES.—The Advisor shall—

"(A) implement this section and the Senator Paul Simon Water for the Poor Act of 2005 (Public Law 109-121);

"(B) develop and oversee implementation in high priority countries of country-specific water strategies and expertise, in coordination with appropriate United States Agency for International Development Mission Directors, to enable the goal of providing 100,000,000 additional people with sustainable access to safe water and sanitation through direct funding, development activities, and partnerships within 6 years of the date of the enactment of the Senator Paul Simon Water for the World Act of 2010; and

"(C) place primary emphasis on providing safe, affordable, and sustainable drinking water, sanitation, and hygiene in a manner that—

"(i) is consistent with sound water resource management principles; and

"(ii) utilizes such approaches as direct service provision, capacity building, institutional strengthening, regulatory reform, and partnership collaboration; and
